Office Note—contd.

of the poisoned rats gave ~~off~~ very bad
smell. From the Statement sub-
mitted by the President it is learnt
that 412 rats, 278 mice and 5 bandi-
coots were killed — excluding those
that might have died in their holes,
unobserved — at a cost of Rs 115.7.

To

Dr. Ananthasamy Rao
Secy. to the Govt of H. H.
Maharaja of Mysore
Rao & Co. Secy Dept^o

Sir,

With reference to Govt Order
1210-11 dated 15th Sept^r 1903 Calling
69A-02
a report for information see the yes
obtained by the use of the Rat Ex
I have the honor to report that the
Sanitary Inspector was deputed to try
the poison on rats according to the
mentioned by the Company. He was
with it in Coorgum, Belaganaipalli and
in many other places within the B
Board area and the Statement app
will show the results obtained.

Yr^{ly} O'Connell, the off^r caref

Medical Officer, was also supplied with one hen of the Esterminator for experimental purposes; copy of his report in the matter is submitted

It would appear from the results obtained that the poison is very effective in its action.

I have the honor to be,

five,

Yours most obedient servant

Wm. Wetmore

 ag. Chief Medical Officer
Kolar Gold Fields

Remainder of Common Sand Exterminator sent to the
 Deputy Commissioner on 21st August. The experiments could not
 be conducted with the amount of material sent in such
 a manner as to offer a fair opinion as to its efficacy. So
 far as my experience went the sand was very bad from
 the bodies of the rats found, but no complaint has been made
 to me of any bad sand in the houses where the baits were
 laid & no rats found. (Sd) G. B. O'Donnell
